ractured on both sides and the left arm broken at the elbow.

Dr. O'Hare is confident that the man was not accidentally killed, and his theory is borne out by investigations made by an "Evening World" reporter. The man, to all appearances, was a corkingman. He was about 5 feet, 10 or 11 inches tall, strongly built, had brown hair, rather high forehead, high cheek bones, features inclined to be "lainterniamed," gray eves and sandy mustache and chin whiskers, slightly tinged with gray.

His facial appearance and the cut of high the hispatial. In the base of the "L" pillar where the dying man was found there were the fragments of a quart whiskey botter and ead spacing years and an appearance was a continuous form. At the untown station of the Third avenue "L" the agent positively denied that he knew anything at all about the dead man or how he came by his death. Chief Clerk Pinckney, of the general office of the "L" mechanical department, at Ninety-eighth street and Third avenue. The complete his part of the dying man was found there were the fargments of a quart whiskey botter and ead spacing westerday.

At the untown station of the Third avenue to the dead man or how he came by his death.
